

DRIVING SOCIAL & SUSTAINABLE BUSINESS PRACTICES

MITIGATING RISKS THROUGHOUT YOUR ORGANIZATION:

About Social Assessments

With over 30 years of social compliance field experience, our strong technical background translates into the approval to conduct social responsibility assessments against a range of internationally recognized codes and standards. As a result, we help you assess your compliance against the latest, most stringent requirements.

Our global network of experienced auditors is spread throughout the top sourcing countries, with over 600 APSCA Registered Social Compliance Auditors. Supported by a global team of corporate social responsibility experts and data analytics, we can tailor solutions that fit the individual needs of your program.
